Club Relays - Triathlon England Team Category Guidance

Notes

- You can make team member changes until 5pm 23rd August 2021. After this time, no further changes can be made.
- Any changes to club affiliation must be made no later than 23:59 Friday 13 August 2021, with the British Triathlon Membership Team.
- The same club name must be stated on all four team members' membership profiles to be eligible for the Club Team categories.

Registration on the day

Registration is located upstairs in the main reception at the National Water Sports Centre. Only one team member is allowed upstairs, this is for safety measures and to prevent overcrowding due to the small space. Ideally, the team member that registers should be your Team Captain. Please ensure you make agreements and/or arrangements with your team members as to who will be registering the team to prevent any duplication or confusion.

Your Team Captain when registering will need to hand:

1. **Team Number** (we advise noting this down before registering, but these can be found downstairs on the day if needed).
2. **X4 Membership Cards/Screenshots of Digital Membership Cards** (please check the expiry dates on ALL your team members cards, if any are dated for expiry earlier than 28th August 2021, that team member will subsequently require a day license, costing £6 CASH and in turn move your team into the Open Category).
3. **£6pp for any team members that need day licenses** (please note only CASH payments are accepted).
4. **FOR UNIVERSITY AND SERVICES (MILITARY, POLICE AND FIRE) ONLY** - If you are competing on behalf of your University or services club, you will need to ensure each member of your team provides specific identification for your University/Service (Student Card, Military/Services ID Card) at registration. This will enable you to compete representing your University/Services team, regardless of the club listed on your British Triathlon Home Nations card.

Should your Captain/Team Member registering the team not have one of any of these to hand, you will lose your place in the queue and be sent to acquire the missing item(s).

Please ensure you check in advance with your team to establish in advance which individual is registering. Each year we have numerous competitors who try and re-register their team having not spoken with their Captain or initial registering member.

Triathlon England Club Relay Championship Medal Categories

Triathlon England will award Bronze, Silver and Gold medals to all four team members in the following categories;
